GREECE DECLINES TO RETURN INSULT TO UNITED STATES

Court Rules on Ground That Acts for Which Utilities, Magnate Was Indicted Are Not Crimes Under Grecian Law.

JUDGES HOLD CASE ONLY CIVIL AFFAIR

Erstwhile Power Baron Overjoyed While Illinois Officers Are Disappoint- ed by Decision.

INSULT IS SAFE, OFFICIALS FEAR

WASHINGTON, Dec. 27.—(AP)—

By ANTHONY KEDRAS.

WASHINGTON, Dec. 27.—(UP)—The tentative and unofficial reaction of American officials to news of the Greek court of appeal's decision on the Samuel Insull case was that the former utility magnate probably is beyond the reach of American courts so long as he remains in Greece.

Possibility of further American efforts to extradite Insull, it was said, depends on whether Greek law permits an extradition case once ruled upon to be reopened for submission of new evidence. The state department is making a study of this question.

Insull, the appeals court held in refusing to have him extradited, was indicted for acts not considered criminal under Greek law, since the former magnate did not benefit personally from them. His acts were of benefit to his companies, the court ruled, declaring the whole affair a civil matter instead of a criminal one.

Insull, overjoyed by his victory, was released from custody shortly after the court decision was announced. With his attorney, he set out on a day-long bender, in which Chicago officials sought to have him extradited.

When the decision was announced, crowds in the courtroom cheered, some of them shouting: "Hurray for Greek justice!"

In legal circles the ruling was considered highly significant, since it is held to indicate Greek justice was not influenced by an official drastic demand on the part of the United States government for the extradition of Insull.

Charles Bellows and Andrew Vlachos, attorneys of the Chicago state's attorney's office who journey all the way to Athens to press the Illinois demand, made no effort to conceal their disappointment in the court's decision.

Insull, however, fairly radiated pleasure and cried, "I want to thank everybody!" He left the court with a group of lawyers, friends and admirers.

The case against Insull was handled mainly by Anthony Riganacos, the local state's attorney, who told the court it should be mindful that the victims of the Insull enterprise amounted to 350,000, including widows.

AMERICA TO MAKE FRENCH PAYMENT PARLEY CONDITION

Stimson Says Paul-Bon- cour's Visit to Edge Doesn't Alter U. S. Atti- tude on New Discussion.

WASHINGTON, Dec. 27.—(AP)—

The American government plans to insist that France meet the December 15th debt installment before there are any new negotiations with that country.

Secretary Stimson made this clear today in an assertion to newspapermen with regard to the conversations between Premier Paul-Boncour and Ambassador Edge.

The secretary said the report of Edge did not require a formal answer but that it doubtless would be acknowledged and a restatement would be made of the position of this government, that the December 15th payment should precede new negotiations.

Stimson said he expected to talk again with Norman H. Davis about economic affairs before the latter's meeting at Geneva to arrange the agenda for the world economic conference.

The administration has taken the attitude that economic matters, disarmament and the war debt problems are inter-related.

3 GEORGIANS DIE IN AUTO CRASHES

Decatur Man Killed in Alabama; Atlantan Is Hit-Run Victim.

WASHINGTON, Dec. 27.—(AP)—

Three Georgians were killed and seven others injured Tuesday morning in a head-on auto collision at Opelika, Ala., and in a hit-and-run accident two miles west of Winder, Georgia.

Lewis A. Armistead, 43, a bricklayer, of 128 Olympic place, Decatur, and Mrs. J. M. Means Sr., of Zebulon, were killed and seven injured in a crash between two cars near Opelika on the Auburn-Opelika highway.

A man tentatively identified as Hugh O'Kelley, of Atlanta, was struck down and killed by a hit-and-run driver early Tuesday morning near the Georgia Power Company plant west of Winder. O'Kelley, who was known in Winder through a former residence there, was seen by an acquaintance as he walked along the highway late Monday night. Friends said he moved to Atlanta two years ago, but neither the city nor telephone directories list his name. O'Kelley's body had been buried from the highway by the impact.

Armistead, with C. D. Peace and S. T. Doss, of Decatur, were in one car, and Mrs. Means, her husband, Mrs. Laver Howell, and her children, William and Gussie, were in the other.

Means was reported seriously hurt, suffering a compound fracture of the arm and possible broken ribs. The injuries to Mrs. Howell and her two children were confined to cuts and bruises. All were taken to a hospital at Opelika.

Peace and Doss were released from the hospital after receiving treatment for minor hurts.

After the automobile was approaching Opelika, en route to Zebulon, while the car driven by Armistead was headed toward Auburn.

Authorities at Opelika expressed the belief that poor visibility and a slick highway were responsible for the collision.

Mr. Armistead is survived by his wife, his son and a daughter, Mrs. Ralph Tuggle.

Doss, 27 years of age, lives at 302 D. Decatur avenue.

Peace, 25, at 215 Cambridge avenue.

BOARD APPROVES NEW SEWER PLAN

Committee Recommends Conference for Drafting of Bill Forming District.

CITY COUNCIL'S SEWER COMMITTEE

Tuesday afternoon approved for acceptance the offer of the county, made by Commissioner Walter C. Hendrix, to furnish labor and crushed stone for two new sewer lines and recommended that council call a conference of county officials and members of the Fulton and DeKalb delegations in the general assembly to draft the bill for a new sewer district.

The county's offer, before being submitted to council, will go before the new sewer committee to be named by Mayor James L. Key next week.

Hendrix, in his letter to the sewer committee, said the county would furnish concrete labor, stone, shovels, transportation and certain other material, including crushed stone. The city, Hendrix suggested, would furnish the sand, cement and certain other material and also engineering supervision of the project.

Estimates differed as to the cost of two projects, one on the north side and one on the south side, but the county's offer, which has been praised by Mayor Key, was believed by some members of the committee to mean a cut in construction cost of probably \$2,500,000. The original estimate for the sewer project was approximately \$10,000,000.

The proposed sewer lines as planned would run from below the waterworks station on Hemphill avenue to the Peachtree disposal plant on the north side, a distance of approximately 20,000 feet, while the south side line would begin at the McDaniel street sewer under the West Point Belt line, near Lakewood, and run to near the county line on South river.

Members of the committee at Tuesday's session were Aldermen Scott and Hendrix, Councilmen Reynolds, chairman; Owen and Johnson.

While the Chattahoochee was reaching a new flood stage near Atlanta, points north reported high marks, which are as yet not alarming. Norcross reported 14 feet, or two feet below flood stage, while Gainesville reported two bridges under the swollen waters. At both places no fear for immediate damage was felt.

Rising at the rate of six inches an hour during the morning, Tuesday noon brought a slower rise and from 12 o'clock to 6 o'clock Tuesday night the average rise per hour was only slightly more than three inches.

Though rain continued to fall intermittently during Tuesday, weather officials predicted that today would bring fair and colder weather. In that event, no damage will be done to the Atlanta water works department pumping station and equipment, according to C. B. Gramling, chief engineer.

The Chattahoochee river at Atlanta Tuesday reached the highest stage to which it has risen since 1920, and while no great menace was believed to exist, residents of low-lying sections near Bolton cautiously moved out of their homes. Damage to property and the Atlanta water supply was not expected by engineers and United States weather officials.

HARRISON URGES ECONOMIC STUDY BY SENATE BODY

Mississippi Favors Im- mediate Concerted Ac- tion To Find Solution of Present Business Ills.

WASHINGTON, Dec. 27.—(AP)—

A systematic search by a senate committee for the road to prosperity was proposed today by Senator Harrison, of Mississippi.

The senator, ranking democrat on the finance committee, announced he would offer a resolution immediately after the holidays calling for a study of the whole economic situation with a view primarily of obtaining constructive suggestions from leading economists, financiers and statesmen as to methods and policies to restore economic stability.

The Mississippi would include all economic subjects, particularly currency stabilization, inflation and silver on the agenda for committee consideration. He has discussed the proposal informally with committee members and believes the senate is inclined to favor prompt action.

It was the first proposal in the senate this session for a general study of the nation's economic ills.

"We have now groped in economic despair for more than three years," he said in a formal statement announcing his proposal. "The situation, neither at home nor abroad shows any marked improvement."

The methods which have been adopted by many states, he said, have not been successful. The situation has become desperate.

"Certainly in the circumstances the best constructive thought of the nation should be given to the congress and the new administration may be aided in adopting the wisest policies which will hasten economic recovery."

Personal I believe that radical curtailments in government activities and every economy in governmental administration must be adopted, thus effecting savings to the taxpayers. A balanced budget to preserve the credit of the government must be obtained and maintained.

"As a result, exchanges must be stabilized and commodity prices increased. Tariff barriers must be lowered and international trade encouraged."

As to the wisest and sanest method to be employed in order to deal with these questions, and others which

Roosevelt's Followers Cling to Slim Hope for Avoiding Special Ses- sion Early in Fall.

WASHINGTON, Dec. 27.—(AP)—

The sales tax, recommended by President Hoover and again thrust forward in congress during the past few days, was virtually dismissed today as a possibility at the present session.

This was clearly indicated after President-elect Roosevelt at Albany was represented as being "horrified" by published reports that he had endorsed the general manufacturers' sales tax.

This attitude on the part of the next president, said Speaker Garner, "kills the sales tax this session anyhow."

Even before this, Senator Harrison, of Mississippi, ranking democrat on the senate finance committee, had expressed the opinion that the sales tax could not pass through his branch. This view is generally held by democratic leaders.

In both branches, however, the democrats pushed forward their attempt to amend the budget, so as to avoid, if at all possible, a special session before next fall.

The ways and means committee of the house will begin on January 3 an exhaustive study of federal financing.

Collier for Tax.

This is the tax-raising committee and its chairman, Collier, of Mississippi, only yesterday said he knew of no means of balancing the budget except the sales tax.

Prospect of enactment of the sales tax seemed enhanced, especially when Speaker Garner had said he would approve it, if it developed as the only means of balancing the budget. But that statement after saying that Mr. Roosevelt's attitude "killed" it.

Another who spoke in support of the sales tax was Senator Charles McNary, of Oregon, who also expressed the opinion it was the only way to get the budget balanced.

Smoot said that he would favor an exemption of farm products as they come from the farmer in the application of the sales tax.

Smoot would not predict what the senate republicans generally would do about a sales tax, but in the past there has been considerable support in these ranks for it.

Exemptions Asked.

Smoot said whatever proposal is advanced should make the exemptions definite and simple so as to avoid what he termed "absurd rulings" under the present specified manufacturing exemptions.

The Utah senator added that the

SENATE BEER BODY WILL MEET TODAY

Norris Calls Committee To Speed Action Upon House Measure.

WASHINGTON, Dec. 27.—(AP)—A call for a meeting of the senate judiciary committee tomorrow to hasten action on the house 3.2 per cent beer bill was issued today by Chairman Norris as members of a subcommittee pored over law books in a study of the constitutional questions involved.

Norris expressed hope that his second effort to obtain a quorum of the committee would be successful so formal consideration of the bill could be expedited. Absence of a majority of the group blocked action yesterday.

Leaders said the beer bill could be taken up in the senate immediately after the Christmas recess, January 3, if it was ready by that time, but the chances of this were considered slim by members of the committee.

If Norris fails to secure a quorum of the judiciary group tomorrow he will call a special meeting for early next week so that no more time than necessary will be lost.

Even without action by the full committee, however, a subcommittee headed by Senator Blaine, republican, Wisconsin, is studying the constitutional questions involved in the beer legislation in order to save time.

Blaine has indicated he favors re-drafting the Collier bill passed by the house so that the 1.2 of 1 per

Chicago School Board Head Tells Of Great Savings Made During Year

How Chicago's board of education reduced its budget \$21,000,000 in 1932, and will attempt to reduce it \$37,000,000 more in 1933, was told here Tuesday by Lewis E. Myers, president of the board. Mr. Myers is in Atlanta as the guest of his niece, Mrs. Julian V. Boehm. He is an uncle of A. L. Myers, of the Myers-Dickson Furniture Company.

Mr. Myers was put in his present position by certain business leaders of Chicago who wanted to bring about economy in the city's administration. Chicago, like Detroit, Philadelphia and other American cities, Mr. Myers said, was having financial difficulties.

"When I came to the board of education," he explained, "its 1931 budget was \$111,000,000. In 1932 we trimmed it to \$91,000,000. I found, to mention one instance, that the city had contracted for the construction of nine new school buildings involving a cost of \$10,000,000.

"I got the contractors to agree with the city's budget, and I have been working and to charge us only what they had actually suffered in damages, or had expended in work and material. These amounts they then agreed to defer, we to pay them interest limitation in the Volstead law will be repealed.

BAILEY OPPOSES BEER
WILL VOTE TO "SUBMIT"

RALEIGH, Dec. 27.—(AP)—Senator Josiah W. Bailey, democrat, North Carolina, in an interview here tonight, said he would vote against the senate bill which would submit the eighteenth amendment although "regretting the necessity to do so."

Senator Bailey, who will be in his home here this week, declared he believed, however, the beer measure would be passed by the senate.

LEWIS E. MYERS.

est. In this way I was able to omit this expense from the budget.

"Last year, cuts were made in teachers' salaries. Some of these, I was informed, were discriminatory. We will abolish these cuts, substituting a new scale which will equalize matters. For instance, salaries of \$125 a month will probably not be cut. Larger ones will be reduced 5 per cent, still larger, 10 per cent, and so on.

"I found also that teachers were allowed 12 weeks' sick leave with pay. I issued an order reducing this to two weeks. This single rule resulted in a saving of \$2,000,000.

"The Chicago schools have a total income of \$33,000,000—\$48,000,000 from taxes and about \$5,000,000 from miscellaneous sources, including real estate. I plan to reduce my budget in 1933 to that figure or less."

Like Atlanta and other cities, Chicago had to pay its teachers in scrip, although Mr. Myers doesn't like the word. "It is still highly regarded as tax anticipation warrants secured by 75 per cent of anticipated tax collections. These were supplemented later with participating certificates."

Mr. Myers has led an active life, and is one of Chicago's leading financial and civic leaders. He and Samuel Insull were salesmen together under Thomas A. Edison 52 years ago, and Mr. Myers was associated with Insull in his power enterprises. He was a member of the finance committee of Middlewest Utilities, an Insull organization.

"In spite of the crash of the Insull enterprises," Mr. Myers said, "Samuel Insull is still highly regarded in Chicago. I still have a high opinion of him even if I did lose some of my money in his enterprises."

He was a victim of circumstances, of the worldwide orgy of overexpansion that caught so many powerful men."

In spite of his active business life, Mr. Myers has given much time to public service. He was chairman of the Salvation Army board, and chairman of the housing of the unemployed in Chicago, where 16,000 persons are housed and 600,000 more are fed daily.

"I turned over the housing job to Lester Armour," he added, "a wealthy man who had nothing as a public man, a superb job of his new occupation."

He predicted that business recovery would be slow. Seventy years old, this Chicagoan has the appearance and bearing of a man ten years younger.

3 PROBE DEMANDS HEARD IN HOUSE

Bonus Eviction, R. F. C. and Home Loan Admin- istration Are Under Fire

WASHINGTON, Dec. 27.—(AP)—"A cleaning out" of the home loan bank administration was urged today in a house which also heard suggestions for investigations of the bonus eviction and the Reconstruction Corporation.

Accompanying a proposal for lower interest rates on farm and home loans, Representative Lafferty, democrat, New York, called the eviction of former service men from the capital by troops "one of the greatest crimes of modern history" and said congress should not adjourn without going into it.

This was followed by a demand from Representative Garber, republican, Oklahoma, for an inquiry into reports the Reconstruction Corporation had favored larger banks in some of its loans.

Representative Howard, democrat, Nebraska, introduced a resolution to have the corporation report to the house loans made during the first five months of its existence.

In the senate still another investigation demand arose, this one sponsored by Senator Harrison, democrat, Mississippi, and calling for a thoroughgoing study of the nation's entire economic system in an effort to find the road to prosperity.

LaGuardia said Franklin Fort, chairman of the home loan board, "is the last man in the United States who should have been appointed to that position because he specialized in home loan banks."

His sympathy is with the usurious money lenders. It is not with the home owners."

LaGuardia introduced a resolution "to place capital on a five-day week basis." It would reduce interest on United States bonded indebtedness 20 per cent, fix the legal rate of interest throughout the country at 3 per cent and apply that maximum charge to reconstruction and home loan advances.

"If there is one place I hope the new administration will clean out," LaGuardia said, "I hope it will clean out the Reconstruction Corporation, and put men in office who are in sympathy with the purposes of the law so as to give it effect to the intent of congress and bring relief to millions of debt-ridden law-abiding home owners of this country."

"I ask if you have one constituent in your district who has been able to receive a direct loan from the home loan bank? Yet we provided for it. . . I would have the home loan bank carry out the intent of congress by making a direct loan at a low rate of interest."

Representative Caviechia, republican, New Jersey, introduced LaGuardia's resolution, and said he had never been connected with a building and loan association but was "president of a bank, the only bank in my neighborhood that offered to help building and loan associations, and they could borrow money from his institution."

In the senate, half a dozen investigations either are under way or have been proposed.

A resolution for an inquiry into the bonus army eviction has been introduced by Senator McKellar, democrat, Tennessee.

Senator Norris, republican, Nebraska, said that if present practices continue a thorough inquiry into the Reconstruction Corporation would be necessary.

The senate interstate commerce committee already has under way investigation of all loans made by the Reconstruction Corporation, and at its last meeting it was said the members virtually were agreed on giving the corporation a "clean bill."

The senate banking committee is still investigating stock market practices and may decide to resume open hearings after the holidays. Agents of the committee have been to Chicago recently looking into the Insull receiverships.

Investigation of the farm board, sponsored by Norris, may be pursued later by the senate agriculture committee, but for the present there are no plans to go ahead with this.

AND MISS DE GIVE
TO ADDRESS CLUB

Miss Alva Christensen and Miss Mary De Give, Atlanta girls, who returned home after a three and a half months trip through Russia, will speak before the German American Club of Atlanta, at the Fourteenth street clubhouse, at 8 o'clock Thursday night.

Miss Christensen, a member of the club, will introduce her sister, and the general topic: "Our Hardship with a Ford Through Russia." All members of the club and of the Atlanta Foreign Trade Club are invited to attend.

Soon after their initial appearance here, the two young ladies will go to New York for a series of eight lectures and to complete the manuscript on a book they have written about conditions in soviet Russia.

YOUTH KILLED BY TRAIN
INVESTIGATION SHOWS

A coroner's investigation into the death Sunday of Deane Schultz, about 18, who was found on the railroad tracks near Bolton, revealed Tuesday that the youth was struck by a northbound train which left Atlanta shortly after 11 o'clock Sunday morning.

R. L. Proctor, coroner, said, "The youth was riding a southbound train, saw Schultz when the other train struck him. Coroner Paul Donohoe said, 'His death probably had been accidental and no inquiry was held.'"

Funeral services will be conducted at 11 o'clock this morning at the Fortified Hills Baptist church, the Rev. W. T. H. H. officiating. Interment will be in Hillside cemetery, with Brandon, Bond & Condon in charge. Schultz, who resided at 30 Woodlawn avenue, Grove Park, was the son of Mrs. Gertrude Hawkins, of Birmingham, Ala.

Largest Theater of World Opens at Gotham Radio City

NEW YORK, Dec. 27.—(AP)—The first unit of Radio City, the music hall, opened tonight with a stage show which rivaled in quantity and magnificence the spectacles which used to thrill audiences at the old Hippodrome 15 years ago.

More than 500 performers took part, including an orchestra of 90, two choirs of 100 each, one the Tuskegee Institute choir, a ballet corps of 80 and several specialty dance groups. Among the stars on the program were Tita Ruffo, Coe Glade, Dr. Rockwell, Weber and Fields and DeWolf Hopper.

An audience which included hundreds of celebrities packed the huge theater, which is the first part completed of the Rockefeller community in the center of Manhattan devoted to stage, motion pictures, radio, musical and operatic productions.

Like most new things in the world of the theater, it is the largest entertainment center of its kind in the world. Modern to the minute, it will accommodate 6,200 persons on the main floor and in its three "mezzanines," as S. L. (Roxy) Rothafel, director of entertainment, prefers to call them.

Two hundred and fifty police officers, foot and mounted, were detailed for tonight's opening, and special traffic lanes were kept open as far north as Central Park, nine blocks away.

Further, to handle the opening night attendance there were 200 doormen, ushers and pages.

1933 PONTIAC CAR
IS ON DISPLAY HERE

Newly designed throughout and with an entirely new straight-eight 77-horsepower motor, the perfected during two years of engineering development work, the 1933 Pontiac went on display Tuesday in the showrooms here of the Buick-Pontiac-Morris, Inc., as General Motors' latest offering in the low-price field. Factory list prices start at \$555.

Smooth, flashing performance and exceptionally high economy have been combined in the big straight-eight motor which has a cylinder displacement of 223.4 cubic inches and an almost "square" ratio of bore to stroke, according to the company's announcement.

Seven new windstream Fisher body models are offered on a wheelbase of 115 inches. Fenders are deeply balanced, center of gravity is extremely low. The ample size and weight of the new line is indicated by the fact that the four-door sedan, equipped for delivery, weighs 3,263 pounds.

Among the body selections is a new type—a close-coupled, two-door five-passenger touring sedan with rear wheel drive, including the standard two-door sedan, business coupe, roadster, sport coupe and convertible coupe. Four balloon tires with 5.50-inch tread are mounted on 15-inch wire wheels. Shock absorbers are of the Locomotive hydraulic type, attached through rubber. The double-door chassis frame is rigidly braced by six heavy cross members.

All bodies have fixed windshields of safety glass, and the new Fisher no-draft ventilation system with adjustable glass ventilating sections in two-panel windows. Cool ventilators also are provided.

Precise balance in every moving part renders the motor extremely quiet and eliminates torque reaction throughout the entire driving range. Particular care is taken in balancing the 77-horsepower crankshaft, which rides on five heavy-duty bearings anchored to supports cast into the block, and which carries an improved type of harmonic balancer. Electro-plated, four-rib pistons and the drilled cooling passages are balanced to a plus or minus limit of one-half the weight of a copper cent. The motor is cushion-mounted on five shock pads of permanent rubber compound. Rubber insulation is used at 37 points throughout the car.

An improved synchronous transmission permits quick, silent shifting and a steering gear with a ratio of 14 to 1, operating on taper roller bearings, gives sure steering control. Brakes of the mechanical, two-shoe servo type greatly multiply pedal pressure. Dial type instruments are grouped in a left panel. On the right is a convenient glove compartment. A dash starter button replaces the conventional foot pedal starter.

On the road the new Pontiac, with its long wheelbase, low center of gravity, sure traction of wide tire areas and ease of shifting, steering and braking, creates a distinct impression of "big car" stability. And the "straight eight" motor, with "something left" even at high road speeds, reduces driving fatigue and raises Pontiac performance to new brilliance.

AVERAGE FAMILY
PAYS \$27.15 RENT,
HAS 3.4 PERSONS

ATLANTIC CITY, N. J., Dec. 27.—(AP)—The average American family lives in a \$5,000 house, has three or four members and one family in three has more than one wage earner, the American Association for the Advancement of Science was told today.

The average family theoretically contains 3.4 persons, said Professor William F. Ogburn, of the University of Chicago. More than half of American families live in rented homes and pay an average rent of \$27.15 a month, according to latest census figures. One family in every eight lives in a flat or apartment.

Latest figures justify the forecast that one out of every five or six families at present will be broken by divorce, Professor Ogburn said, but about 30 or 40 per cent of the divorces will form new families out of the wreckage of the old.

The fact that the family in three has more than one wage earner probably has served as a shock absorber against hard times and unemployment, he declared.

Georgia Congressmen Score Action by Moore on Burns

Refusal of Extradition Plea Assailed as 'Slander' and 'Judicial Insult' to Southern State.

WASHINGTON, Dec. 27.—(AP)—The refusal of Governor A. Harry Moore, of New Jersey, to extradite Robert Elliott Burns, chain gang fugitive, was assailed in the house today by Representative Parker, democrat, Georgia, as a "judicial insult" and "unprecedented and unwarranted affront" to the state of Georgia.

His position that Georgia had been "slandered" was joined in by Representative Tarver, democrat, Georgia, who said Moore's conclusions on the issue "were false." Between these two speeches, Representative Stewart, democrat, New Jersey, defended Governor Moore as "one of the most patriotic and generous of men in his treatment of those he believes are the underdog or who have not had a square deal."

Parker said that "with profound regret" he noted "that at least one of those holding positions of trust and honor at the hands of the people of New Jersey appealed to the offending governor of her state to offer this insult to Georgia." Mrs. Mary T. Norton, a representative from New Jersey, had interjected in Burns' behalf.

"In behalf of Mothers," "I also note that her appeal was made in behalf of the mothers of America," Parker said. "If he (Burns) should, at any time in the future commit more serious crimes against society and leave in the state of New Jersey that same slimy trail he has left in three of the other states, may God help the people of New Jersey—mothers included."

Parker said the press reported Burns had committed forgery in New York, robbery in Georgia and bigamy in Illinois. Stewart told the house he was "surprised" when one of her (Georgia's) representatives arose and proceeded to criticize the great governor of my state for an action taken in his official capacity after a careful and public investigation of the facts relative to the extradition of an alleged criminal."

"I am sure if he were acquainted with our governor," Stewart said, "he would hold the same respect for him that I do. I am afraid the gentleman was under the assumption that it is mandatory for the governor of one state to honor the requisition of another."

Parker's remark follows in full: "I wish, in the few minutes of time allotted to me, to voice my protest at the recent action of the governor of the state of New Jersey, in refusing to extradite, at the request of the governor of the state of Georgia, an escaped convict from one of the prison camps in my state, who, according to information furnished by the press of the country, had committed the crime of forgery in the state of New York, robbery in the state of Georgia and bigamy in the state of Illinois. In my opinion, this judicial insult was an unprecedented and unwarranted affront to the sovereignty of a great state that will next year celebrate the 200th anniversary of its birth. The state of Georgia has been slandered by Governor Moore, of New Jersey."

"In slandering my state, the governor of New Jersey has offered a judicial insult to the state that was founded for the protection of America. In its earliest days the colony of Georgia separated the English-speaking people of the other American states north of it from the people of other races who were attempting to establish residence south of it. The inhabitants of the colony in those days would train soldiers who had been organized as a 'buffer' for the altruistic purpose of protecting others. How well they accomplished this task you already know. That is a matter of history."

"It is with profound regret that I take note of the fact that at least one of those holding positions of trust and honor at the hands of the people of New Jersey appealed to the offending governor of her state to offer this insult to Georgia. I also note that her appeal was made in behalf of the mothers of America. I am wondering what the intent and the sources of her information are with respect to conditions that prevail in Georgia prison camps. I am also wondering if she has information that those of us who reside in Georgia do not possess."

"The governor of New Jersey has been quoted as saying: 'Robert Elliott Burns will have a haven or refuge in the state of New Jersey as long as he remains a law-abiding citizen.' My prediction is that he will reside in New Jersey for a long time before he commits felonious crimes that are more heinous and dastardly than those already accredited to him, namely: Forgery, robbery, bigamy. If he commits more serious crimes against society and leave in the state of New Jersey that same slimy trail that he left in three of the other states, may God help the people of New Jersey—mothers included."

Representative Malcolm C. Tarver said: "It is always an unpleasant duty to discuss a matter in which the feelings of citizens of two states have become aroused by conflicts between their officials and to which state pride leads inevitably to intemperate and illogical statements that would be better left unsaid."

"At the outset, permit me to say that as an American I am proud that there is numbered among our sisterhood of states the great commonwealth of New Jersey with her glorious history, her illustrious men and women of the past and the present, who have made and are making that history, and I feel the closest ties of friendship with her people, who, in the main, I am sure, are not different from those of other states of this Union, in reason, justice and all the qualities which go to make up the average American citizen. In saying this, I take no jewel from the crown of the governor of the state of Georgia, an escaped convict from one of the prison camps in my state, who, according to information furnished by the press of the country, had committed the crime of forgery in the state of New York, robbery in the state of Georgia and bigamy in the state of Illinois. In my opinion, this judicial insult was an unprecedented and unwarranted affront to the sovereignty of a great state that will next year celebrate the 200th anniversary of its birth. The state of Georgia has been slandered by Governor Moore, of New Jersey."

"When Georgia was subjected to unfair attacks by ex-convicts and others in an effort to further their personal ends, she had the right to assume that her sister state, New Jersey, would not undertake to try and convict her on ex parte evidence. That New Jersey did so is the fault not of her citizens as a whole, but of the official who for momentary heads bet government and who apparently could not resist the temptation to play to the galleries by having

AMERICA WILL INSIST ON FRENCH PAYMENT

Continued from First Page.

of about \$10,000,000 to the United States. In the opinion of the radical socialist newspaper L'Oeuvre, "It is hardly logical, having refused to pay the debt, to consent to the loan."

Secretary of State Stimson's statement in Washington today that the United States will insist on payment of the December 15 debt installment before any new negotiations, generally was regarded in authoritative circles as presaging a let-down in the debt discussions until March 4 unless some new circumstance meanwhile intervenes.

Premier Joseph Paul-Boncour was represented in the highest quarters as being willing to make an effort in the direction of inducing the chamber to approve the payment, but he feels it necessary to have some kind of new offer or new situation which would enable him to go before the chamber and ask such action.

It is doubted in political quarters if the chamber would change its attitude without some sort of basis which would justify it in its own eyes. High French opinion is that no new negotiations of real importance can go forward before the new administration, while there also is the feeling that ordinary diplomatic discussions looking toward clearing the grounds for later negotiations would not be necessary.

Stimson's statement was a hearing of a sort, and rendering a decision of a character which he knew would be heeded far and wide to showing him to be an unusual and magnanimous executive. Yet, every lawyer knows that the brand of evidence he heard had no relation to the issue raised by the extradition proceedings in the case, and that against it, the state of Georgia had no opportunity to defend herself.

Defects in Prison System. Mr. Tarver explained that he had been a member of the Georgia bar for nearly a quarter of a century and had served ten years of this time as a judge of the superior court of Georgia. Speaking of the prison camps in his state, he said:

"Among all the prison guards in Georgia there are doubtless some who are inhuman. But the same thing can be said of any state in the Union. However, when evidence of inhuman conduct on the part of prison guards in my state is brought to the attention of the prison commission, the guards are removed from office. Since the days of Governor Thomas W. Hardwick, no convict has been whipped in Georgia. Georgia's penal system is not perfect, but it can be favorably compared with that of most states."

In concluding his remarks, Mr. Tarver quoted from a leading editorial in The Atlanta Constitution of December 23, in which it was said that the refusal of Governor Moore, of New Jersey, to honor the requisition of the state of Georgia for the return of the escaped convict (Burns) was "a refusal to war debts but refrained from amplifying that comment as far as the day at work was concerned."

Elisabeth Morrow To Wed Aubrey Neil Morgan Today

MISS ELISABETH R. MORROW.

AUBREY NEIL MORGAN.

ENGLEWOOD, N. J., Dec. 27.—(AP)—Miss Elisabeth R. Morrow will be married tomorrow to Aubrey Neil Morgan, of Cardiff, Wales, at the home of her mother, Mrs. Dwight W. Morrow, at Englewood.

The ceremony will be performed at 4:30 p. m. by Dr. Carl H. Elmore, pastor of the First Presbyterian church of Englewood. He will be assisted by Dr. Thomas Guthrie Speers, pastor of Brown Memorial Presbyterian church at Baltimore.

The bride will be given away by her only brother, Dwight W. Morrow Jr. Her only attendant will be one of her sisters, Constance C. Morrow. Her other sister is Mrs. Charles A. Lindbergh. Brigadier General J. J. Morrow, the bride's uncle, will be best man.

It is to be a simple ceremony, with only relatives and a few intimate friends attending. Their engagement was announced last month.

Miss Morrow and Mr. Morgan met in London in 1930, when she accompanied her father to the London naval conference. He is a son of Mr. and Mrs. John Llewellyn Morgan, of Brynawen, Llandaff, Wales, and is a member of the firm of David Morgan, Ltd., which was founded by his grandfather.

After studying at Milton academy, Milton, Mass., and Smith College and the Sorbonne, in Paris, Miss Morrow returned to Englewood to teach English. Two years ago she established a nursery school in Englewood.

The couple will reside in Wales.

NOTE TO COURT BARES SLAYING OF CAROLINIAN

Former State Senator Murdered and Buried, 'Boy' Reveals.

HENDERSON, N. C., Dec. 27.—(AP)—Acting upon an anonymous letter which purported to describe the slaying of a motorist near Petersburg, Va., police tonight revealed they had located in Columbus, Ohio, the automobile of R. S. McCain, former state senator, who disappeared Thursday while on a business trip to Richmond, Va.

The letter was signed "A Boy in Distress." It was mailed in Chicago Sunday night, and was addressed to the "Chief Judge of the Supreme Court, Raleigh, N. C." It was turned over to Henderson police by Chief Justice W. P. Stacy.

The writer set forth that he and three companions met a motorist, presumably McCain, near Petersburg, Va., Thursday afternoon, and that after a staged collision of automobiles, they engaged in an altercation with him, demanding money. Upon his refusal, the letter said, one of the men slugged him with a blackjack.

Within 15 minutes, the letter said, the man died. The body was placed in their automobile and driven to a point near Hagerstown, Md., it continued, where the clothing was removed and burned, and the body buried.

The letter said the man's automobile was left near the Southern hotel in Columbus, Ohio. Local officers communicated with police of that city, and tonight said they had been informed an automobile, meeting the description of McCain's car, had been located. In it was found a bloody glove and a pocketbook.

PUBLISHER SENTENCED TO JAIL IN LIBEL CASE

MONTREAL, Dec. 27.—(AP)—James J. Harpell, magazine publisher, who last week was convicted of criminal libel against Thomas B. Mackay, of the Sun Life Assurance Company of Canada, today was sentenced to three months' imprisonment.

Charges against Harpell were based on articles in his magazine and in a book. The court rejected a defense motion for postponement of the sentence. Harpell was free on bail over Christmas.

Caliste Cormier, chief defense counsel, said he would appeal.

Yule Party Is Held At Rockefeller Home

ORMOND BEACH, Fla., Dec. 27.—(AP)—Santa Claus arrived two days late but it was jolly Christmas just the same tonight at The Casements, winter home of John D. Rockefeller Sr.

Surrounded by a group of close friends and neighbors, the 83-year-old philanthropist, led in the singing of old-fashioned hymns and carols and gave to his guests jovial compliments of the season.

It's a time-honored custom of Rockefeller to defer his Christmas party until after Christmas Day and tonight twinkling lights burned softly as the guests arrived at The Casements. The Christmas tree reached to the very ceiling.

JURY CLEARS NURSE IN DEATH OF BABIES

NEW YORK, Dec. 27.—(AP)—A general sessions court grand jury today refused to vote an indictment for manslaughter against Miss Nora G. Paulson, 28, a nurse whose error in administering medicine caused the death of three babies in the New York hospital-Cornell medical center, 10 days ago.

Fort Lauderdale, Fla., Dec. 27.—(AP)—Mrs. W. R. Brown, 50, died in Memorial hospital here from injuries received Thursday morning in an automobile collision in which Lamar O. Keller, of Miami, was fatally injured.

FIFTY RADIO STARS APPEAR IN BENEFIT; DRAW BIG AUDIENCE

Headed by pupils from the Solomonoff Dancing school and M. M. (Mike) Benton, acting as master of ceremonies, an all-star radio revue, comprising 50 performers, was given at Wesley Memorial church auditorium Tuesday night for the benefit of the church community center. The show, which was something new in entertainment, drew a good crowd and proceeds of ticket sales will go to relief work.

Top-line radio artists on the program were Anne Burrell, popularly known as "Lady Bird Blue"; Sam Allen, soloist from WJL; Westbrook Conservatory musicians, and Ted Doolittle, WGST comedian. A feature billed as "Tapping Tips" offered pupils from the Jack Rand School of Dancing in a dance number.

Seven Kansas Schools Have One Pupil Each

TOPEKA, Kan., Dec. 27.—(UP)—Seven schools in Kansas have one pupil each, the state superintendent of instruction revealed in his December bulletin issued today. There are three pupils in 85 schools; 127 schools have four pupils each, and there are 1,004 with less than eight scholars apiece.

France Will Tighten Import Restrictions

PARIS, Dec. 27.—(UP)—The most rigid import quota system in French history will be established at the beginning of 1933, placing further restrictions on imports from the United States, Argentina, Chile, Brazil and other exporting nations, it was learned today.

Ministry of commerce experts are working through the holidays to enable publication of the new quotas before January 5.

It is understood none of the new quotas will exceed those now in existence, and that in many cases they will be considerably smaller. Moreover, the United Press was told, the ministry of commerce will refuse to grant exceptions, as it has done in the past as a favor to certain nations.

JUDGE DISQUALIFIED, SAYS RUTH JUDD'S PLEA

PHOENIX, Ariz., Dec. 27.—(AP) Attorneys for Winnie Ruth Judd, whose conviction and death sentence in the so-called trunk murder of two women was affirmed recently by the Arizona supreme court, today petitioned the high tribunal for a rehearing of the case.

The petition contended the decision and the death warrant fixing February 17 as the date of execution for Mrs. Judd are void because Judge Joseph S. Jenckes, of the Maricopa county superior court, who wrote the opinion, was not qualified to sit on the supreme bench.

Held as 'Flim-Flammer.'

An account of how a negro woman and man tricked her in an ancient flim-flam game brought charges of flim-flamming against Ora N. Weston, negro, Tuesday when Recorder A. W. Callaway bound him over to the Atlanta criminal court. The victim, Kitty Smith, of 220 Cain street, said that after the woman accomplice pointed to Weston as he picked up a "lost" pocketbook, the couple obtained money from her to make change in order "to divide the coin."

NEW N. Y. CHARTER ASKED BY SEABURY

Investigator Would Make
10 Fundamental Changes
in City Government.

NEW YORK, Dec. 27.—(AP)—Samuel Seabury, who has been investigating the New York city government since April, 1931, as counsel to the Hofstadter legislative committee, tonight proposed a new charter for the city.

A 34-page draft of the charter was attached to Seabury's final report to the committee. The report covered 105 printed pages and with it was a thick volume of charts, graphs and other exhibits.

Seabury's charter would make ten fundamental changes in the city government, as follows:

1. A single legislative body to supplant the board of estimate, the board of aldermen and the sinking fund commission.

2. Election of its members by borough on a non-partisan ballot, without any party designation.

3. Election of the mayor and comptroller in a similar non-partisan manner, and their nomination by petition instead of primaries.

4. Establishment of "a genuine executive budget."

5. Abolition of the five borough presidents' offices, their duties to be vested in a public works commissioner appointed by the mayor.

6. Ten specified departments, exclusive of education, for the various functions now performed by the city departments.

7. Revision of the old charter to retain its basic and fundamental provisions and incorporate other useful provisions in an administrative code.

8. A commission of inquiry appointed by the council to perform the duties of the commissioner of accounts and make other investigations.

9. A non-partisan instead of bi-partisan civil service commission, its members selected from a list furnished by heads of educational and cultural institutions.

10. Administrative employees to take no active part in municipal elections.

The report reviewed many of the "evils" which were set forth in greater detail in previous reports. In his conclusion Seabury said that "the evidence of waste and positive corruption which was adduced before the committee was presented in the face of the consistent opposition of the city authorities and of the leaders of the dominant political organizations."

Police Traffic School To Be Opened Tonight

A police school designed to reduce traffic accidents in Atlanta will be inaugurated at 7:30 o'clock tonight at the police department, with Captain Jack Malcom, of the traffic squad, acting as instructor. First aid will also be taught the "pupils."

Captain Malcom said the school is designed for co-operative study by policemen, operators of large fleets of vehicles and individual motorists of the traffic laws and regulations, with the view of reducing accidents. Superintendents of fleets of trucks are especially urged to attend the sessions tonight, he said.

Simmons Is Granted Conference by Board

County commissioners will grant J. W. Simmons, clerk of superior court, an opportunity sometime this week to be heard on the matter of his refusal to suspend two deputy clerks in his office at their request, Paul S. Etheridge, chairman, said Tuesday.

Commissioner Walter Hendrix was asked for a conference by Simmons after an exchange of statements through the press by the commissioners and Simmons. Hendrix placed the matter before Chairman Etheridge Tuesday and the latter consented to call the board together and meet with Simmons "some time this week."

The conference was to have been held Tuesday but two members of the board were out of the city, it was said.

MACCABEE CAMPS INSTALL OFFICERS AT JAN. 9 PROGRAM

Installation of officers following annual elections by the three organizations of Maccabees in Atlanta will be held January 9 in No. 3 hall.

Reuben Wiggam, it was announced Tuesday by E. A. Rock, state manager, who will be in charge of the program. Officers-elect of the men's, women's and children's groups will be inducted into office following an entertainment program and banquet given the men by the women, it was said.

THE SPORTLIGHT

By Krauthaus Rice

The gathering of football coaches in New York the next few days recalls the fact that in spite of the many storms and lightning which strike, no other profession carries a greater number of veterans.

Connie Mack is ready to start his fifty-first year of baseball, and no football coach can quite equal that mark—not even Alonzo Stagg, the eminent dean.

But Stagg goes back for more than 40 years, and the old Yale end isn't the only one.

I still recall an afternoon when a young husky Georgia coach sent his team on the field against Vanderbilt in 1895. His name was Glen Scobie Warner, since known as Pop, who has worked out more offensive systems than any coach football has known.

Eighteen and ninety-five wasn't yesterday, but as I recall it, this game broke up in a row and Warner called his team off the field.

Pop has wandered a long way since that afternoon in 1895—Cornell, Carlisle, Pittsburgh, Stanford, and now back east again. He can almost sing with Kipling:

"For the wind is from the seaward and the temple bells they say"

There is also Dan McGugin, who went from Michigan to Vanderbilt 28 years ago to turn out a long line of fine teams and keep the affection of every man who played under his banner.

Of all the younger coaches, Harry Kipke, of Michigan, leads the parade. Under Kipke's guidance the Wolverines have lost only one of their last 30 contests, which is a target for the veterans to shoot at.

WHAT ARE COACHES LIKE?

A noncombatant wrote in a few days ago to ask just what football coaches are like. What are they like? Franklin D. Roosevelt, Babe Ruth, Herbert Hoover, Jack Dempsey, Bobby Jones, Babe Driksion, Galsworthy, Macfieid?

There is Bob Zuppke, of Illinois, keen, alert, dynamic, a philosopher, and a painter when off duty. He would rather talk to you about Spinoza and Spencer than about forward passing or off-tackle plays.

There is Gil Dohie, of Cornell, silent, taciturn and pessimistic. There is Dr. Marvin Stevens, of Yale, on his way to be a leading physician—quiet, thoughtful, there is Hunk Anderson, of Notre Dame, vibrant, outspoken, full of fire.

It might be mentioned here that Harry Mehre, of Georgia; Bill Alexander, of Georgia Tech; Harry Kipke, of Michigan; Fritz Crisler, of Princeton; Tuss McLaughry, of Brown; Harry Stuhldreher, of Villanova—in fact, the great majority—are on the quiet side.

And yet there is no other profession which holds its performers in a keener grip than other professions which sleeps, eats, drinks, thinks and dreams its job to a greater extent.

I recall one veteran who was complaining about his troubles—alumni troubles, faculty troubles, a dozen different brands of woe and sorrow.

"Why don't you quit?" someone asked.

"I've tried to for 10 years," he said, "but I can't. There isn't anything else in life that would bring me the same thrill."

NOT SO EASY.

For that matter, the coaching job isn't one of the set-ups of existence. Few seem to realize that if one team wins, another team has to lose. As a rule, they are all expected to win by their various constituents and supporters.

And the odds often are too uneven. In 1931 three football players reported to one university. They failed to pass the entrance tests. But they helped to make the fame of other coaches at other institutions where they had no trouble getting by.

This happens in more than a few cases, but the public at large looks only at results. The score alone counts. The coach is expected to win, and unfortunately there is an intricate law which will not permit them all to win all the time.

OPTIMISTS AND PESSIMISTS.

The point often has been raised why so many coaches are heavily dyed in the deep indigo of pessimism. For example, Gil Dohie, of Cornell.

This is one of the simpler questions. In the first place, winning football is largely a mental attitude. Blocking and tackling fall largely under this domain. The winning mental attitude in football must mean the "keyed-up attitude." A team which looks up for a set-up or an easy game may run into an explosion at any given moment.

Take the case of Hunk Anderson, of Notre Dame. Hunk predicted openly that his South Bend contingent would remove Panther hides without much trouble. Hunk was at the top of the football optimists.

After the Pittsburgh shock he changed his philosophy. You might have thought the Notre Dame team he was bringing to face the Army was practically dead.

Overconfidence is one of football's deepest sins. A desperate team, lifted to the final flame of spirit, is always dangerous. An overconfident team can be wrecked in 10 minutes by a much weaker opponent.

So one of the hardest coaching jobs is to keep a team keyed up week after week, especially against some opponent which hasn't shown so well, and which looks to be a resting spot for a holiday.

There is another reason. If a coach predicts defeat—and his team wins—the glory is doubled. If he predicts victory and is beaten, most of the blame is thrown his way. It is merely a natural human impulse. Old Man Psychology is always an all-American.

These coaches claim to be no miracle workers. They'll tell you how much the material counts, up to 60 or 70 per cent—maybe more. A system which might work with one brand of material would not work with another.

Certain systems demand extra time for practice and development and certain universities haven't this time to spare, where others have.

It is a highly tangled problem in which more takes place back of the scenes than the average observer ever guesses.

DIXIE OFFICIALS SUBMIT REPORT IN THEIR FAVOR

Shows Grid Officiating Better Than in Any Previous Year.

By Dillon Graham.

Associated Press Staff Writer.

Southern football officials, who took widespread criticism last fall with little rebuttal, answered today with a report which showed their officiating was better than in any previous year.

Although some coaches and many sports writers took exception to the report, the officials' own close decisions, the final composite report of southern coaches to the Football Officials' Association must show that 87 per cent of the contests were satisfactorily handled.

Coaches classified the work of officials in their games as excellent, very good, good, satisfactory, fair or poor. Excellent rating was given the officials on 18 per cent of all games handled. The coaches thought 56 per cent of the contests were "run off" very good, 24 per cent good and 9 per cent were poor and 8 per cent fair.

In 1931 7 per cent of all games were given "poor" rating and 12 per cent "fair." All others were "satisfactory" or better.

The past season has been peculiar. Undoubtedly play, the game itself, was more intricate and complicated. Scores have been lower. Games were more closely contested and there seems to have been more unusual and unexpected situations facing officials this year, said A. R. Hutcheson, of Lake Wales, Fla., secretary of the officials' association, in his annual report.

In several games the deciding score has been determined by the ruling on a single play. Naturally in some cases controversy on questions of judgment has followed and, as always, controversy has been offered and exploited their own opinion. These factors have made the work of the official more difficult than usual.

Yet the records show a distinct advance since 1931, and, though not without many faults and objectionable features which must continue to receive attention and remedy, the report is one in which the officials who made it take a warranted pride," he said.

WALDEN IS STAR IN CHARITY GAME

GAINESVILLE, Ga., Dec. 27.—A six-year-old son of Pinky Walden, star Mercer halfback, late in the first half of the "All-Stars" game, was chosen from the pick of the south's outstanding college football players, a 4-0 victory over Piedmont College in a Christmas charity football game here Monday.

Walden, with his pretty runs, was the outstanding ground-gainer of the game. He was hit by a tackle from Cy Bell, former Ole Miss star, and Tom Jones, former All-Southern end, at Georgia Tech. Tiger Bennett, one of the best guards in the history of the University of Georgia, and line coach at Mercer, played with the All-Stars and also turned in a bang-up game.

Despite poor weather, the game attracted about 1,000 persons. The players received only transportation, meals and expenses. After the game there was a banquet at the Dixie Hunt hotel, where the players were treated to a Christmas dinner.

JACK SHARKEY, TALKATIVE GOB, RILES OUT MAX

Terms "Black Uhlan" a "Quitter" and Says He Should Retire.

BOSTON, Dec. 27.—(AP)—Jack Sharkey today said Max Schmeling, of Germany, would never get the chance to regain his heavyweight boxing championship from Sharkey.

The once eloquent sailmaker, who has been quiet of late, burst forth in an attack on Schmeling and termed him a "quitter" and a boxer who should retire from the ring inasmuch as he has resorted to meeting only handpicked opponents.

Sharkey says he will meet any opponent named by the Madison Garden of New York on or before June 30, 1933, but the opponent will not be the "Black Uhlan." He said he had full confidence in his ability to defeat any heavyweight in the world and after three weeks of training was down to 208 pounds.

The Boston champion has talked the Schmeling matter over with Jim Johnston, matchmaker for the New York Garden, and said that he had been decided to rule the German out as a heavyweight contender because of his refusal to sign for a June bout with Sharkey. Regardless of this fact, Schmeling is signed to meet Max Baer in June and could not accept a Sharkey match before that time.

Sharkey couldn't, wouldn't, won't fight. BOSTON, Dec. 27.—(UP)—Jack Sharkey couldn't, wouldn't and won't fight for Jack Dempsey under any circumstances, Jimmy Jones, manager of the world's heavyweight champion, told the United Press tonight.

Buckley said he had not yet received a telegram from Dempsey offering Sharkey a chance to defend his title against the winner of the fight between Max Schmeling and Max Baer, which the former champion is promoting.

"Sharkey is tied up with a contract with Madison Square Garden," Jones said. "He won't fight for anyone but the Garden. Dempsey knows that. Furthermore, Sharkey wouldn't be willing to fight for Dempsey anyway. And what's more, I won't let Sharkey fight for Dempsey. I've got to say that. So you can forget all about any offers from Dempsey."

JASPER SQUAD LANDS IN MIAMI

MIAMI, Fla., Dec. 27.—(AP)—Chick Meahan and his Manhattan football team arrived here from New York city by steamer today to prepare for their January 27 intercollegiate game with the University of Miami Hurricanes.

The invasion of the northerners will be climaxed in a game whose prospects will go to Chicago.

Meahan brought 22 players here, and upon leaving the boat took them immediately for a workout in order to get them into the customary working conditions. The squad worked out briefly at Jacksonville yesterday.

Miami's Hurricanes, coached by Tommy McLean, an old Illinois player, expect through the customary work-out today under the tutelage of Bob Zuppke, Illinois coaching mentor, who came here to assist McLean in the business of coaching.

The team has been a regular winter visitor here for the past several years, and this year accepted an invitation to bring their team here for a post-season game.

George Husser, of Miami, chairman of the committee handling preparations for the contest, led a group of prominent Miamians to meet the Manhattanites a welcome on their arrival. They will remain here for a week, during which time they will play two games.

The team will play a game with the University of Miami on January 27, and a game with the University of Florida on January 28.

Mr. Husser also disclosed the fact that Buster Mott, Georgia halfback, is a corner player in private life. This is nothing, if not news.

Mr. Husser's letter told that Athens, Ga., Dec. 27, 1932.—I notice in the issue of The Atlanta Constitution Friday, December 23, 1932, this headline: "Don Zimmerman, Cornetist." This impressed me enough to read it. I thought of the many times I have had to watch this fellow in the crowd on the gridiron. What a thrill we Georgia fans would get if it were he who would take the ball for only a few yards instead of flipping a pass for a touchdown. I am glad we are through with him on the gridiron. You won't see him any more on the old cornet unless you want to see him in the crowd.

I can recall a number of Georgia athletes who doubled in brass: Joe Mashburn, 1920, played in the band and tackled on the football team; Ed Hitchcock, baseball pitcher and bass singer in the band; and a little later, "Deary" Randolph, halfback of great renown, was a fine trombone player; Billy Aronson, baseball player and saxophone player; "Slim Drew," of basketball fame, played cornet, and last but not by any means least is our own Buster Mott, cornet virtuoso and halfback. Now, Mr. Zimmerman, right here is where we challenge you to a cornet debate.

Musical Athletes Now Latest American Fad

Georgia Bandmaster Recounts Names of Bulldogs With Flair for Brass.

By Jimmy Jones.

Verily the musical altruism of our athletes is becoming more noticeable every day. It is still true that we still laugh when they sit down to play. And we continue to laugh while they are playing. But all the same, the athletes still have a penchant for stealing away into the field of symphony.

For instance, you noticed the other day in the papers, the powerful physique of "Jaring Jim" Baugh, Olympic decathlon champion, seated at the piano. One way in the audience wanted to know which was the piano and which was Jim, but of course that was passed off as just another wise crack.

It may be that Jaring Jim can really tickle the ivories, and if he doesn't know how he'd better learn, if he's really going on the stage. But there are countless athletes who were musicians before they were athletes. And still others who sort of followed it as a side line while they were in college. To say the least it is highly commendable. Music has its charms, even when played by athletes.

BASEBALL TENOR.

As far as I am concerned my personal acquaintance with musically inclined athletes has been very limited. I knew a baseball pitcher who could sing a quartet on a rainy day, but his knowledge of notes was limited to the which fall due once a month.

The reason for bringing up this subject is hereby explained. Yesterday there came a most interesting letter from T. Dottery, the bandmaster at the University of Georgia, giving a list of well-known Georgia athletes who have been able to "double" in the band and on the gridiron.

A picture of Don Zimmerman, Tulane's great halfback, on the mouth end of a cornet inspired Mr. Dottery to write the letter, and, of course, he just happened to mention me in connection with the list.

Mr. Dottery also disclosed the fact that Buster Mott, Georgia halfback, is a corner player in private life. This is nothing, if not news.

STAGG HONORED BY SPORTSMEN, RECEIVES MEDAL

Football Must Mend Its Way or Become Strictly Pro.

NEW YORK, Dec. 27.—(AP)—A prediction that college football will mend its way within the next ten years or become a frankly professional sport, was made today as several hundred members of the sportsmanship brotherhood paid honor today to Alonzo Stagg, 71-year-old retiring coach at Chicago.

"Not only college or university is playing the game and keeping clear of subsidization," Professor Philip O. Badger, chairman of the National University Athletic Association, said in a speech at the luncheon in Stagg's honor.

"Within ten years, unless the spirit of sportsmanship prevails, the game will be dead," he said, "or played on a frankly professional basis."

Stagg, retired as head coach at Chicago because of his age, was presented with the sportsmanship medal by Matthew Woll, president of the brotherhood and vice president of the American Federation of Labor.

Stagg's 40 years as an athlete at Yale and coach at Chicago were extolled by Herbert O. (Fritz) Crisler, his former assistant and now head football coach at Princeton, and Walter F. (Dutch) Carter, director of the Brooklyn baseball club and once a star of Stagg's.

Gustavus T. Kirby, former president of the Amateur Athletic Union, and Chancellor Charles W. Flint, of Syracuse University, also spoke in Stagg's honor.

Stagg's reference to wholesale proscribing in football followed a plea for better understanding of the need for faculty supervision of the sport in colleges.

A complete overhauling of the N. Y. U. football situation was undertaken last year at the time of the resignation of John P. (Chick) Meahan, head coach of several highly successful Violets.

"We frankly admitted our guilt at that time," Professor Badger said. "The problem last fall was not one of de-emphasis, but of deodorization."

BRITAIN PLANS FOR GREATEST GOLF INVASION

U. S. and Argentine Players
To Head Advance
in 1933.

LONDON, Dec. 27.—(UP)—The greatest invasion of foreign golfers Great Britain has ever experienced will be staged in 1933.

United States and Argentine players, in particular, are out to capture all the major titles and prizes during the British season.

The year 1933 will be just one long series of international golf battles. It will represent the peak of the game since its inception in Scotland with a gutta-percha ball and a hockey stick many years ago.

First and foremost is the match for the Ryder cup between United States and British professionals. Both countries have won two each, and there are strong hopes that Great Britain will take the lead in this match.

PRIVATE MATCHES.

Then there is a series of private matches, probably five, scheduled between Gene Sarazen, the British and Open champion, who will be over here for the British open and the Ryder cup, and Archie Compston, the slaying, giant Ryder cup player. It will be a fight between extremes, Sarazen being 5 feet 5 inches tall and Compston well over six feet.

In the British open, probably all of the American Ryder cup team will participate, and half a dozen Argentine professionals. These are expected to be headed by the popular pocket edition champion, Jose Jurado, Tomas Genta, one of the longest drivers in the world. The squad, monotonously consistent Marcos Churio is also reported to be entering. In addition there will be the usual complement of French, Belgian and other European stars, while Ross Somerville, the Canadian holder of the American amateur championship, may also compete.

There is a suggestion here that the Argentines, the United States and the British golfers should play a three-cornered international. In any case there probably will be an unofficial match between the Argentines and the British.

Many of the foreign professionals are expected to take part in the major tournaments such as the Dunlop thousand guineas at Southport, and the Leeds Evening News.

There will not be so large a foreign element in the amateur championships, but a strong team of United States women golfers is expected to try once again to win the women's open title, the only British championship that has not crossed the Atlantic. There probably will be half a dozen Americans in the amateur open.

Dates of the principal British golfing fixtures in 1933 follow:

Event: Dunlop 1,000 guineas, professional tournament at Southport and Airdale course, May 8-12.

Leeds Evening News, 1,000 guineas professional tournament at Leeds, May 22-26.

Sarazen vs. Compston, site unfixed, date unfixed, probably early June.

Women's open championship at Gleneagles, date unfixed, probably late May or early June.

Amateur open championship at Hoyoke, June 19-23.

Ryder cup at Southport and Airdale course, June 26 and 27.

Open championship at St. Andrews, July 3-7.

DEMPSEY ASKS 15-ROUND BOUT

DENVER, Dec. 27.—(P)—P. R. (Reddy) Gallagher, Denver sports writer, said today he had telegraphed Jack Dempsey he was prepared to offer a \$100,000 guarantee if the former heavyweight champion will conduct the Max Schmeling-Baer bout in this city next June.

Gallagher said he was representing a group of western capitalists. Dempsey replied he was not so much interested in a guarantee as he was in a arena which would accommodate 90,000 persons. Dempsey also specified the bout should be scheduled for 15 rounds. The Colorado law limits boxing bouts to 10 rounds.

Gallagher said he believed the general assembly would amend the law to permit 15-round bouts if Dempsey gave assurance the bout would be held here. He also said Denver University stadium could be enlarged for the bout.

NEW YORK, Dec. 27.—(UP)—Jack Dempsey today offered Jack Sharkey a chance to defend his heavyweight championship against the winner of the Schmeling-Baer fight, which he is promoting next June.

In a telegram to Johnny Buckley, manager of the champion, Dempsey said he had Schmeling and Baer signed to meet under his promotion somewhere in June and is ready to pit Sharkey against the winner. The telegram read:

"I am ready to offer championship terms to Jack Sharkey to meet the winner in September, by which time I understand your contract with the Madison Square Garden will have expired. A match between Sharkey and the winner of the Schmeling-Baer fight is the only logical one for Sharkey and the only one the public will be interested in. Kindly write your answer."

Meanwhile Dempsey was kept busy trying to decide a city in which to hold the Baer-Schmeling fight. The latest suggestion came from George Getz, who asked that the fight take place in Chicago.

Long Imprisoned Man Asks Trial or Release

NEW YORK, Dec. 27.—(P)—Lionel Bleis appeared in supreme court, Brooklyn, today with the assertion that he had been forgotten in the Raymond Street jail and made a plea for "action, one way or the other."

With the exception of an 18-month penitentiary term for carrying a firearm, Bleis said he had been in the jail ever since April 3, 1930, waiting to learn what disposition would be made of his conviction for robbery.

He was convicted by former County Judge W. Bernard Vause, who has since gone to Atlanta penitentiary to serve a term for mail fraud.

An assistant district attorney admitted he knew nothing about Bleis' arrival of relatives from Alabama. Edward J. Byrne gave him until January 3 to find out about it.

REV. T. H. MORRIS, 72, RETIRED PASTOR, DIES

The Rev. T. H. Morris, 72-year-old superannuated Methodist minister and formerly connected with The Constitution, died Tuesday in a hospital in Dallas, Texas.

Mr. Morris had been a member of the North Texas conference of the Methodist Episcopal Church, South, since 1890. He was a native of Georgia, and in his youth was connected with the composing room of The Constitution, later being a reporter on the Galveston (Texas) News. He also published the Alford (Texas) Budget.

He entered the ministry in 1890 and had held many important pastorates in Texas. Funeral arrangements had not been completed Tuesday. He is survived by his wife, three sons, and a daughter, Mrs. Ed Vinson, of Millersville, Ga.

FARM ECONOMIC EXPERT INDORSES POSITION OF DODD

Eugene Dodd, prominent Atlanta attorney, who has had several communications in The Constitution attacking various methods of so-called "farm relief," arguing that they are doing more harm than good, has received the following communication from James E. Boyle, professor of rural economy, New York State College of Agriculture, Ithaca, N. Y.

Professor Boyle heartily indorses the position taken by Mr. Dodd, writing him as follows:

New York State College of Agriculture
Agricultural Experiment Station
CORNELL UNIVERSITY
Ithaca, New York.
Department of Agricultural Economics and Farm Management.

December 27, 1932.

Mr. Eugene Dodd, Grand Building, Atlanta, Ga.

Dear Mr. Dodd: I am pleased to note the tenacity and vigor with which you attack the old question of congressional farm relief. I think you are very indeed in pointing out to the world that the supposed strength of the farm relief campaign in Washington is based on the fact that this question is one of the best known and most discussed by members of our congress. I hope congress does repeat the farm marketing act and that it does also eliminate a large number of the new bureau and boards. I realize that this is a very extravagant hope on my part. I take the position that our taxpayers are now paying a great deal more for their government than this government is worth. Something has to crack somewhere pretty soon. But times are actually very much like the times in France just before the French revolution.

JAMES E. BOYLE
Professor of Rural Economy.

2 MEN ARRESTED IN KIDNAPING PLOT

NEW ORLEANS, Dec. 27.—(P)—Two white men were arrested today and George Reyer, superintendent of police, said one of them confessed to having contracted for \$100 to kidnap and kill Ruth Banks, 19-year-old negro girl, who was slugged and shot in the head last November 10. The girl recovered from her wounds.

Officers said the two men, Frank Ross of Seattle, Wash., and Alfred De Mio, of New Orleans, will be charged with kidnaping under the new state law which carries a maximum penalty of 20 years in prison. Police quoted Ross as confessing he was paid \$100 to kill the girl by Wessie Lelon Nickens, of New Orleans, because she had testified against Nickens in a Mann act case before the federal court here.

PRICE CUTTING SCORED BY BUSINESS LEADERS

DAYTON, Ohio, Dec. 27.—(P)—Elimination of price cutting, production of better merchandise and a great sense of responsibility to the trade, were emphasized by business leaders today as means of improving market conditions and to end the present business depression.

The suggestions came at the opening session of the two-day conference of the American Marketing Society, called to discuss means of improving business conditions. Approximately 100 businessmen and manufacturers from various cities are in attendance.

U. S. WOMAN TO LEAD METROPOLITAN MUSIC

NEW YORK, Dec. 27.—(P)—Miss Antonia Brice, a Californian recently returned from musical triumphs abroad, will stand in a black suit before the 200 players of the Metropolitan Symphony orchestra at the Metropolitan opera house January 10 as the first woman to conduct an orchestra on that famous stage.

Miss Brice conducted the Berlin Philharmonic orchestra and other orchestras in Poland and Latvia. She made her American debut at the Hollywood Bowl in February, 1930, and later conducted the San Francisco Symphony.

**Old Mother Hen
Has Won Herself
A Fighting Name**

CONWAY, S. C., Dec. 27.—(P)—If the gag about its news where a man bites a dog still holds good, then this story about a chicken killing a chicken hawk is news, too. The hawk, a vicious fellow with an appetite like a vacuum cleaner, ate all but three of a brood of biddies on A. J. Dorman's farm at Good Hope. He flew back later to finish up the other chickens, but the mother hen clucked a battle song and waded into him. The big hawk swooped and struck, but the old hen outmaneuvered and out-picked him. Dorman saw the fight and ran to his house to get a gun. When he returned the hawk was dead. His neck was broken and one leg was crushed. And the old lady hen was strutting around clucking a lullaby to her three chicks.

AUTO VICTIMS' RITES WAIT FOR RELATIVES

Jake Shaw, Driver, Exonerated in Death of Mr. and Mrs. T. E. Maddox.

With DeKalb county officers exonerating Jake Shaw, 24, of Midway, in the deaths of Mr. and Mrs. T. E. Maddox, of near Tucker, 76 and 65, respectively, members of the family of the elderly couple Tuesday awaited the arrival of relatives from Alabama.

After questioning Shaw and two companions in the car, Russell Weed and Emory Chambliss, both of DeKalb county, officers absolved the driver of blame.

Mr. and Mrs. Maddox were widely known residents of DeKalb county and are survived by three sons, Tom Maddox, of Joppy, Ala.; Will and Harvey Maddox, of Tucker, and a daughter, Mrs. Jessie Harrison, of Joppy. Mrs. Maddox is survived by children of a former marriage: Two sons, J. A. and J. O. Spann, and a daughter, Mrs. Pauline Bush, all of Alabama.

Atlanta Negro To Serve as Valet For New President at White House

Lizzie Hall McDuffie, for more than 25 years a maid in the home of Mrs. Edward H. Inman, will give up that position soon after March 4 to go to Washington and be with her husband, Irvin H. McDuffie, negro valet to President-elect Roosevelt for the last six years. McDuffie will continue to be the Roosevelt valet.

Whether Lizzie will also join the presidential retinue of servants, or live elsewhere in Washington, will not be determined, she said Tuesday, until the Roosevelt party comes back in January for another vacation. She was not counting on that, she explained, as much as she was on going to Washington as the wife of the valet to the president—"who claims Georgia as his other home."

Irvin, 51 years of age, went into the service of then private citizen Roosevelt on recommendation of one of the patrons of the barber shop he managed on Marietta street—the Herndon shop. He had, previously, been valet to Dr. Zepf von Quellenstein, German consul in Atlanta prior to the outbreak of the world war.

McDuffie was born in Elberton but has lived in Atlanta 25 years. His wife, born in Covington, was reared in Atlanta. McDuffie has one son, Joseph McDuffie, by a former marriage who lives in New York.

Increase Is Reported In School Enrollment

WASHINGTON, Dec. 27.—(P)—The federal office of education said today reports to it indicate increased public school enrollment in many instances had come simultaneously with reduced budgets and curtailed teaching staffs.

For schools in cities of the 100,000 class, it reported figures showing: Enrollment, 1.39 per cent increased; teaching staff, 2.13 per cent decreased; teachers' salaries budget, down 4.96 per cent; assessed value of property yielding school funds, down 7.5 per cent; current expense, down 5.32 per cent; capital outlay, down 37.38 per cent; state aid, up 2.13 per cent.

The education office said nearly two-thirds of 478 cities in the 10,000 to 100,000 range reported curtailment or abolishment of some services, such as supervisors of music and art, kindergarten and night schools, nurse services and the like. Some, however, had increased such services as physical education, dental clinics and classes for handicapped children.

How Doctors Treat Colds and Coughs

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion, Calotabs was the accepted and standard remedy until Calotabs, the improved calomel compound tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions of homes Calotabs have proven their superiority in the prompt relief of colds and coughs due to colds. One or two Calotabs at bed-time with a glass of sweet milk or water. No salts necessary. No nausea nor the slightest interference with your eating, work or pleasure. Next morning the congestion has subsided, your cold or cough is relieved, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger.

Get a family package of Calotabs, containing full directions, only thirty-five cents. Trial size, ten cents. At any drug store.—(adv.)

Mrs. McDaniel Hostess.

Mrs. Emma McDaniel entertained 70 guests at an informal party last Saturday at her home at 631 Juniper street. The house was decorated with red and green, to bring out the Christmas note.

Timlin-Dunlap Wedding Rites Quietly Solemnized at Home

The marriage of Miss Louise Whitmarsh Timlin, only daughter of Mr. and Mrs. John Joseph Timlin, to Dr. Alvin Dunlap was quietly solemnized at 7:30 o'clock Saturday evening at the home of the bride's parents on The Prado in Ansley Park. The wedding had been announced to take place today, but plans were changed on account of a bereavement in the bride's family which necessitated her mother's absence from the city.

Dr. J. Spole Lyon, pastor of the First Presbyterian church, read the marriage service, which was witnessed by a small group of close friends and relatives. Dr. Charles Sheldon, city organizer, rendered a program of nuptial music preceding the ceremony.

Furnishing a rich background for the nuptial vows was an altar formed of tall palms and ferns, the foliage being interspersed with brass candelabra holding tall lighted tapers. In the dining room the lace-covered table held in the center an attractive arrangement of long-stemmed crimson roses and narcissi.

Crimson candles burned in silver holders and other details of decoration featured the color note of red. The bride's only attendant was Miss Elizabeth Sheldon, who acted as maid of honor. She was an attractive young girl.

figure wearing a becoming gown of gold colored crepe, interesting features of which were the puffed sleeves and the long, bias-cut skirt which flared below the knees. The bodice was adorned with a pattern of open-work, with the design cleverly worked out in burnished beads. Miss Sheldon carried a graceful arm bouquet of Tausman roses.

The lovely young bride was given in marriage by her father, John Joseph Timlin, and they were met at the altar by the bridegroom and his best man, James Greene, of Decatur.

The bride chose for the ceremony a stunning gown of absolute green crepe with the top of the bodice fashioned of green and gold metal cloth. The top of the sleeves were huge puffs, also of metal cloth, which fitted into long, tight cuffs of crepe, and the intricately cut skirt achieved a flare just above the hemline. The bride carried an armful of Claudia Pernet roses, the deep yellow tones blending effectively with the gold of her gown.

An informal reception was held following the ceremony. Mrs. Timlin received the guests wearing a modish costume of burgundy bias.

Mr. Dunlap and his bride will leave today for Durham, N. C., where the bridegroom will resume his studies at Duke University. Following his graduation, which time he will receive his master's degree, they will return to Atlanta for residence and will form interesting acquisitions to the young married contingent of society.

Miss Jamison Hostess.

Miss Elsie Jamison, of Savannah, entertained at a bridge-ten yesterday at the home of her aunt, Mrs. J. A. Moss, on Myrtle street, in honor of Miss Gertrude Askew, a popular member of the Debutante Club, and for Miss Mary Askew, who is home for the holidays from college.

The guests included Misses Gertrude Askew, Mary Askew, Emily Inglis, Eleanor Smith, Ida Thom, Sally Spalding, Helen Stover, Mabelle Dudley, Janie Near, Margaret Cummings and Jane de Bruyn Kops.

White-Gratz

The Church of the Incarnation was the scene of a wedding Sunday morning at 10 o'clock when Miss Helen Gratz, of Boise, Idaho, daughter of Mr. and Mrs. Norman Gratz, of that city, became the bride of Dr. James Otis White, of Baton Rouge, La. The wedding was witnessed only by the relatives of the bride and groom and a few close friends. Dr. G. W. Gasque, rector of the Church of the Incarnation, performed the impressive double ring ceremony in front of the altar, which was decorated in Christmas flowers and greens.

The bride, a stately brunet, was handsome in a gown of dark blue bilowee crepe made on princess lines, and trimmed with colorful and cuffs of plaited white mouseline and a hat of silk matching her dress completed the ensemble. She wore a bouquet of pink rosebuds and valley lilies and carried a white prayer book. The maid of honor was Miss Katherine Gratz, younger sister of the bride, who was a picture of blonde demureness in a blue pebble crepe gown with a shoulder bouquet of pink rosebuds. Mrs. Guy A. Moore, a close friend of the bride since childhood, was matron of honor and was gowned in an afternoon frock of gray crepe with deep cerise trimming. Guy A. Moore was best man. The wedding breakfast was served at the home of Mr. and Mrs. Guy A. Moore.

After an extensive tour Dr. and Mrs. White will be at home at Baton Rouge, La., where Dr. White is a leading eye specialist. Mrs. White has been for some years supervisor of art in several Idaho cities, and is an accomplished artist, who has studied in this country, Paris and Mexico. On her father's side she is the great-granddaughter of Andrew Jackson, fourth grandchild of Rebecca Gratz, the first woman philanthropist of America, and of lineal descent of Hyman and Simon Gratz, founders of the Philadelphia Academy of Fine Arts. On her mother's side she comes from the Dodge and Havard families, which crossing the plains in 1865, came to the "Oregon country" and both families have since been constantly prominent in the mining, financial and political history of the northwest.

Dr. White, of English parentage on his mother's side, was originally from Georgia. On his father's side he comes of a long line of Louisianans, prominent among whom was Colonel J. M. White, a Confederate hero brevetted for signal gallantry.

Mr. Beers Honors Mr. and Mrs. Dunlap

Jimmy Beers was host at a dinner party last evening given at the Tavern tea room in compliment to Mr. and Mrs. Orell Dunlap, whose marriage took place last Saturday, the latter being the former Miss Louise Timlin.

Following dinner Mr. Beers entertained his guests at a theater party at the Fox. The guests included Mr. and Mrs. Dunlap, Miss Margaretie Sala, Miss Elizabeth Shelton, Miss Lucy Yundt, Harry Brown, William Edgewood and Earl Dunlap.

Col. and Mrs. Schiller Are Hosts at Dinner

Colonel Edward A. Schiller and Mrs. Schiller entertained at dinner Monday evening at the Standard Club. Covers were placed for Dr. and Mrs. L. C. Roughlin, Mr. and Mrs. L. H. Keene, Mr. and Mrs. Charles E. Kessnick and Mr. and Mrs. Byron Atkins.

Colonel and Mrs. Schiller arrived in Atlanta Saturday, having motored down from New York to spend the holidays with Mr. and Mrs. Byron Atkins at the family residence on Lullwater road. They left yesterday for a winter's vacation in Florida. They plan to spend several weeks at Boca Grande and Everglades.

Victory Luncheon Takes Place Jan. 2

The victory luncheon of the Atlanta chapter of Senior Hadassah, the women's Zionist organization of America, will be held at 1 o'clock at the Jewish Progressive Club on Lullwater road, Jan. 2. The event will mark the culmination of the intensive membership campaign conducted by the local chapter. The luncheon will take the form of an old-fashioned box luncheon, each member taking their own sandwiches and enough for their guests in a box and tea and coffee and cakes will be served by the chapter.

Mrs. L. J. Levis, membership chairman, will preside and introduce the principal speaker, Mrs. J. J. Hellman, and her assistant, Mrs. J. J. Hellman. The program chairman, Mrs. Herbert Taylor, announces that a "double date" celebrating the holiday of Chanukah will be presented by 10 children and a prize will be awarded to the hostess who has the most attractive and attractive decorations on the luncheon table. The results of the membership drive will be announced. The climax of the campaign will be the turning of the candles of the huge campaign clock to the new high membership figures of Senior and Junior Hadassah. The campaign of the local chapter has been a most successful one, increasing the national Hadassah membership to 40,000. In America Hadassah has a large and active membership in Palestine it maintains a large network of medical and health institutions for all classes of the population.

Pioneer Society.

Mrs. John A. Perdue will entertain members of the Woman's Pioneer Society at a tea on Wednesday, December 28, at 2:30 o'clock at her residence at 29 West Eleventh street.

PRACTICAL FOR SCHOOL

Kiddie fashions take up the double duty wardrobe, too. First she wears a sweater of jersey, simple and tailored, then she exchanges it for the middle shown in small sketch. How is it done? We've added to the pattern a sailor collar, handy pocket, youthful tie, and fashioned it of galatin. Cleer, isn't it? The pleated skirt, of serge, may be worn with number of sweaters and blouses.

Pattern 2439

Pattern 2439 may be ordered only in sizes 4, 6, 8, 10, 12 and 14. Size 8 requires 1-1/4 yards 54-inch fabric for skirt and 1-1/4 yards contrasting for blouse. Illustrated step-by-step sewing instructions included with this pattern.

Send fifteen cents (15c) in coins or stamps (coins preferred), for this pattern. Write plainly your name, address and style number. Be sure to state size wanted.

The choice of a smart, sensible and economical wardrobe becomes very simple with the aid of the Pattern Catalog. This beautiful book contains 32 pages of select models and many delightful embroidery and accessory suggestions. Send for your copy. Price of catalog, fifteen cents.

FRIENDLY COUNSEL

BY CAROLINE CHATFIELD
Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

Dear Miss Chatfield:

There are a lot of people with dark futures these days but it seems to me that there is more hope for most of the unemployed than there is for the unemployed middle-aged business woman. I am one of these who has been out of work eighteen months, and although I have filed application with a number of concerns I have had the disappointment of seeing their vacancies filled by younger and prettier women. Does long and successful experience as stenographer and secretary count for nothing with the business man when he is taking on another employee? It seems that they are more concerned with a girl's looks and with her youth than they are with her efficiency. I am not old but my hair is grey and I have some other tell-tale marks of middle-age around my eyes and on my hands. Yet I know that I am far more efficient in an office than I was fifteen years ago when I first began to work. But the men look me over and tell me to leave my phone number and address. That is the pleasant way of telling me that I am past my prime and they want a younger woman. I am not the only one in this line. I believe many others would enjoy some discussion of this subject.

MISS M. L. L.

Answer:

There is truth in every word you write—bitter truth. Women seeking the good graces and the pay envelope of men that have not been tried by us know from following the fortunes of Tillie T. Toiler. Someday you will discover an employer that has had "vintage" girls and is ready to settle down to business with a middle-aged secretary that knows how to spell and one whose interest is centered in the business of his office.

CULBERTSON ON CONTRACT

BY ELY CULBERTSON,
World's Champion Player and Greatest Card Analyst.

Art for Art's Sake

One of the chief of the many charms of Contract is the great variety of opportunity it affords for the player to exercise his art.

I was South. The details of the bidding have escaped my memory, but spades were bid by East and West, and the final declaration was six hearts, bid by me and doubled by West.

A glance at the four hands will show that the Small Slam in hearts cannot be missed, but West is apparently certain to make the diamond Ace. In the actual play, however, I made every trick. Readers may find it interesting to study the cards before proceeding further and to decide how they would have played with a new to making a Grand Slam. The opening lead was the Ace of spades. With the cards on the table, there is, of course, no possible means of evading the diamond Ace, and in order to make my "seven-odd" I had to resort to kind of hypnotic suggestion, being careful, in order to increase my chance of success, to play each card without the slightest hesitation.

Ruffing the spade Ace, I cleared the trumps, led out the Ace and King of clubs and then the King of diamonds. I was sure that my opponent would position, West immediately drew the inference which I intended him to draw—viz., that I had no more clubs than two into the dummy. My hand with the diamond Queen in order to make the remaining clubs there. So he held up the Ace!

"Oh, very cleverly played!" two voices said in unison.

However, "Art for art's sake," always.

WASHINGTON, Dec. 27.—(P)—Another case of negroes under death sentence claiming, as in the Scottsboro case, that they were deprived of their constitutional rights has reached the supreme court.

Eli Terrell, Thomas Franklin and Moses Conner, convicted of killing Police William Blumstein at New Orleans November 22, 1930, after robbing the shop of Mrs. Martha Kent in New Orleans, contended they had been convicted on confessions obtained from them by tortured beatings by police officers and the use of third-degree methods.

The Louisiana supreme court sustained the death sentences, but two members of the court dissented, one filing an opinion holding the confessions had been obtained by undue influence.

of split, toasted rolls completely the second course. Her salad was lettuce, and endive with a small whole, chilled tomato nesting in the green leaves. The dessert was a composite of canned pears and rich red, canned plums. With this she served Christmas cookies.

For the college dinner, Lois used hot, cream tomato soup, roast beef with browned potatoes, cauliflower au gratin, crisp white celery, sleek black olives and pickled water. She omitted a salad but made up for it when the rich plum pudding, steaming hot and replete with spices, was brought in on her serving plate. Holly was stuck in the top. Black coffee, red and white mints completed the dinner.

The Millers were entertaining a group of college classmates who were back in town over the holidays.

Lois had entertained at a luncheon party who were visiting the city for a few days. This luncheon had been a delightful affair. Lois used her best damask, her gold and white banded china, and her silver. Her centerpiece was holly. She had been able to find some large sprays heavily covered with berries. These went into a silver vase. Nancy had forgotten that Lois owned this vase and had suggested using a low, pewter bowl. A flower holder placed in the bowl would have held the branches of holly upright and kept the bowl from becoming too massed with foliage.

Lois served cranberry juice cocktail, creamed sweetened corn, star-shaped pieces of toast with pimiento and tiny size sprinkled over the sweet-breads at serving time. String beans with butter sauce and plenty

Miss Mary Sentell Weds Mr. Slocombe

Of interest to a wide circle of friends and relatives throughout the south and east was the marriage of Miss Mary Sentell to John W. Slocombe, of Washington, D. C., which took place at high noon Tuesday, December 27. The ceremony was performed by the Rev. R. Frank Dim in the study of the Wesley Memorial church, with only intimate friends and members of the immediate family of the bride present.

The attractive bride was radiantly beautiful in her going-away costume. A Lavinie model of gray crepe worn with silver hat and black accessories to match. She wore a shoulder bouquet of Johanna Hill roses showered with lily of the valley.

The bride's only attendant was Miss Mary Clyburn, who was groomed in black crepe and silver with black accessories, and wore a shoulder bouquet of pink roses and swainswort.

William M. Cunningham acted as best man.

Mr. and Mrs. Slocombe left immediately following the ceremony for an extended wedding trip to interesting points of the east, and will be at home in the Rhode Island Garden apartments in Washington after January 1, where they will make their future home.

JOHN J. CARTY, 71, DIES IN BALTIMORE

Was Chief Engineer of American Telephone and Telegraph Company.

BALTIMORE, Dec. 27.—(P)—John J. Carty, 71, retired vice president and chief engineer of the American Telephone and Telegraph Company, died today at the Johns Hopkins hospital of cardiac complications following an operation which was performed last Friday.

Mr. Carty was widely known in the telegraphic and radio field and directed the research that resulted in practical long distance telephony.

To carry the human voice from the Atlantic to the Pacific had been his boyhood dream. His chance to realize a combined Atlantic cable and telephone line came when Theodore N. Vail, upon returning to the presidency of the American Telephone and Telegraph Company in 1907, appointed him chief engineer.

Carty coordinated the research of several distinguished scientists and realized his hopes on January 25, 1915, when the New York-San Francisco telephone line was opened to the public. Ten months later, on October 21, 1915, the human voice was transmitted for the first time across the Atlantic ocean, the feat being accomplished with radio-telephone equipment designed under Carty's direction and operated between the United States Naval station at Arlington, Va., and the Eiffel tower in Paris.

Carty was born in Cambridge, Mass., on April 14, 1861. His father was a native of Sligo, Ireland. A temporary impairment of his eyesight caused him to forego college. The possibilities of the telephone made a strong appeal to his imagination, and he was engaged by the Bell system in various parts of the country.

He retired as chief engineer of the American Telephone and Telegraph Company in 1919 to become vice president. President Coolidge appointed him in 1927 as one of the delegates to negotiate a treaty regulating radio telegraphy and telephony between nations.

During his career he designed and installed the first metallic multiple switchboard, in which an important innovation was a common battery at the central office to supply current for signaling. As head of the cable department of the Western Electric Company in New York he supervised the laying of cables in eastern cities. Among his most important original experiments was one that freed telephone lines from inductive disturbances.

He was married on August 8, 1891, to Marion Mount of Dublin, Ireland. His son, John Russell Carty, is a physician.

RT. REV. JOSEPH R. CHESHIRE. CHARLOTTE, N. C., Dec. 27.—(P)—The Right Rev. Joseph Blount Cheshire, D.D., of Raleigh, bishop of the Episcopal diocese of North Carolina for the last 20 years, died in a hospital here early tonight. He was 82 years old.

After practicing law for six years in Baltimore and Baltimore, N. C., he turned to the clergy in 1875, and his rise to the bishopric was rapid. His

REDFERN, IF ALIVE, IS LIVING IN COMFORT

Airman Well Cared for If With Indians, Explorer States.

RIO DE JANEIRO, Dec. 27.—(P)—If Paul Redfern, American aviator who disappeared five years ago while attempting a non-stop flight from the United States to Rio de Janeiro, is living with the Parantins, a group of docile Indians, he undoubtedly is living well, according to Major Thomas Reis, veteran explorer attached to the frontier service, who is intimately acquainted with the Parantins.

Reports have come out of the jungle that Redfern still is alive. They have not been confirmed. It is Major Reis' belief that if the aviator is with the Parantins he is remaining there voluntarily and is enjoying life.

He knew a Dutch professor who entered the region, stayed ten years, married twice and had five children, the major said.

According to the reports, Redfern supposedly is in the Maici river region not far from Rio Madeira. This is only a few days from civilization. The entire Madeira is dotted with rubber depots.

If Redfern is with the Indians, he probably is in a settlement near the Maici or the Gyparana, a larger river a few miles to the south in the vicinity of the border of the Brazilian state of Mato Grosso. The Maici has an Indian service outpost which can be reached in less than a fortnight by Manaus by steamer and outboard motorboat.

The Parantins, once fierce warriors, were pacified 12 or 15 years ago. The region abounds with fish and vegetation and the climate is hot and damp. There are several unexplored spots in the neighborhood.

LUTHER HOLSOBACK FOUND DEAD AT HOME

Luther C. Holsoback, 45, well-known Atlantan and president of the Associated Dry Goods Stores, was found dead in his room at 1267 Stillwood drive, early Tuesday night.

His body was found by a maid who called the police. The cause of death was a heart attack, according to the coroner's report.

Mr. Holsoback formerly resided in West Grove, and the funeral will be held there, the time to be announced later.

He had been a resident of Atlanta for the last nine years, and was associated with the M. K. Kiser Realty Company for some time. Four years ago he organized the Associated Dry Goods Stores.

He was a brother-in-law of George W. Dyer, president of the city and manager of the Dixie Associated Motorists. Throughout his residence here he had been an active member of the Dixie Hills Methodist church.

He is survived by his wife, the sister of Mr. Dickson; a daughter, Miss Elizabeth Holsoback, who is a senior at Washington Seminary, and a son, Harold Holsoback.
